Privacy-Preserving Inference on the Ratio of Two Gaussians Using Sums

Jingang Miao, Yiming Paul Li

To replicate the simulations, one can visit https://github.com/miaojingang/private_ratio and follow the steps:

1. click the "simulation.ipynb" file to open it

2. click the "Open in Colab" button

3. click "Runtime" in the menu bar and then click "Run all".
